PATENT COOPERATION TREATY

	From the INTERNATIONAL BUREAU			
PCT	To:			
NOTIFICATION OF ELECTION (PCT Rule 61.2)	Commissioner US Department of Commerce United States Patent and Trademark Office, PCT 2011 South Clark Place Room CP2/5C24 Arlington, VA 22202			
Date of mailing: 12 July 2001 (12.07.01)	ETATS-UNIS D'AMERIQUE in its capacity as elected Office			
International application No.: PCT/AU01/00014	Applicant's or agent's file reference: 201 1 001			
International filing date: 08 January 2001 (08.01.01)	Priority date: 07 January 2000 (07.01.00)			
Applicant: TASSES, Paul				
1. The designated Office is hereby notified of its election made: X In the demand filed with the International preliminary Examining Authority on: 04 April 2001 (04.04.01) In a notice effecting later election filed with the International Bureau on: 2. The election X was was not was not was not was not was not was 2.2(b). Authorized officer:				
The International Bureau of WIPO 34, chemin des Colombettes 1211 Geneva 20, Switzerland Facsimile No.: (41-22) 740.14.35	J. Zahra Telephone No.: (41-22) 338.83.38

Applicant ALLIED CHEFS PTY LIMITED et al					
This international preliminary examination report has been prepared by this International Preliminary Examining Authorand is transmitted to the applicant according to Article 36.					
2. This REPORT consists of a total of 3 sheets, include	ding this cover sheet.				
This report is also accompanied by ANNEXES, i.e., sheets of the description, claims and/or drawings which have been amended and are the basis for this report and/or sheets containing rectifications made before this Authority (see Rule 70.16 and Section 607 of the Administrative Instructions under the PCT).					
These annexes consist of a total of sheet(s).					
3. This report contains indications relating to the following items:					
I X Basis of the report					
II Priority	· .				
III Non-establishment of opinion with regar	rd to novelty, inventive step and industrial applicability				
IV Lack of unity of invention					
V Reasoned statement under Article 35(2) citations and explanations supporting su	with regard to novelty, inventive step or industrial applicability; ach statement				
VI Certain documents cited					
VII Certain defects in the international application					
VIII Certain observations on the internationa	1 application				
Date of submission of the demand	Date of completion of the report				
4 April 2001	24 April 2001				
Name and mailing address of the IPEA/AU	Authorized Officer

International application No.

PCT/AU01/00014

With regard to the elements of the international application:* With international application as originally filed. the description, pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the claims, pages , as anended (together with any statement) under Article 19, pages , filed with the demand, pages , received on with the letter of the drawings , pages , as an originally filed, pages , filed with the demand, pages , received on with the letter of the drawings , pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , received on with the letter of with regard to the language, all the elements marked above were available or furnished to this Authority in the following language which is: the language of patients were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rule 25.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.	I.	Basis of the report			
the international application as originally filed. pages filed with the demand, pages received on with the letter of the claims, pages as originally filed, pages as armended (together with any statement) under Article 19, pages filed with the demand, pages received on with the letter of the drawings, pages as originally filed, pages received on with the letter of the drawings, pages as originally filed, pages filed with the demand, pages received on with the letter of the sequence listing part of the description: pages received on with the letter of the sequence listing part of the description: pages as originally filed pages filed with the demand pages received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. furnished subsequently to this Authority in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of	1.	With regard to the elements of the international application:*			
pages , filed with the demand, pages , as originally filed, pages , as arended (together with any statement) under Article 19, pages , filed with the demand, pages , received on with the letter of the drawings, pages , filed with the demand, pages , received on with the letter of the drawings, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , filed with the demand pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of the sequence listing pages , received on with the letter of the language and pages , received on with the letter of the language of a translation was filed, unless otherwise indicated under this item. These elements were available or furnished for the purposes of international language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of: the description, pages		F-1 - 11- F1- I			
pages , received on with the letter of the claims, pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished for the purposes of international search (under Rule 23.1(b)). the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.		the description, pages, as originally filed,			
the claims, pages , as originally filed, pages , filed with the demand, pages , filed with the demand, pages , received on with the letter of the drawings, pages , received on with the letter of the drawings, pages , filed with the demand, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , filed with the demand pages , received on with the letter of With regard to the language, all the elements marked above were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , as amended (together with any statement) under Article 19, pages , filed with the demand, pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , filed with the demand pages , received on with the letter of With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , filed with the demand, pages , received on with the letter of pages , received on with the letter of pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of th sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished for this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
the drawings, pages , as originally filed, pages , filed with the demand, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in written form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of th sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of 2. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.		· ·			
pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
which the international application was filed, unless otherwise indicated under that left. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of th sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
These elements were available or furnished to this Authority in the following language which is. the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of th sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished The amendments have resulted in the cancellation of: the description, pages the claims, Nos.	2.	With regard to the language, all the elements marked above were available or turnished to this Authority in the language in			
the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of th sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished The amendments have resulted in the cancellation of: the description, pages the claims, Nos.		These elements were available or furnished to this Authority in the following language which is:			
the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of th sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished The amendments have resulted in the cancellation of: the description, pages the claims, Nos.	1	the language of a translation furnished for the purposes of international search (under Rule 23.1(b)).			
the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished The amendments have resulted in the cancellation of: the description, pages the claims, Nos.					
and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, was on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. International application No.

PCT/AU01/00014

V. Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanati ns supporting such statement

Į	and explanations supporting s	uch statement	
I	1. Statement		
	Novelty (N)	Claims 1-2	YES
		Claims	NO
	Inventive step (IS)	Claims 1-2	YES
	inventive step (12)	Claims	NO
	Industrial applicability (IA)	Claims 1-2	YES
	Industrial application (121)	Claims	NO
	,		

2. Citations and explanations (Rule 70.7)

The following documents identified in the International Search Report have been considered for the purposes of this report:

US 4 328 254 JP 11-278552 GB 2 333 222 WO 98/23013

All the documents cited in the ISR were category A only. Therefore the claimed invention is not disclosed in any of these patent documents, nor is it obvious in the light of these documents, either singularly or in combination, and hence all the claims are novel and inventive under Article 33 of the PCT.

The claimed invention also has industrial applicability under Article 33(4) of the PCT.
